- Australian National College of Beauty
- Billy Blue College of Design
- CATC Design School
- Jansen Newman Institute
- Southern School of Natural Therapies
- William Blue College of Hospitality Management

With over 180 years’ combined experience, THINK Education colleges offer an exciting range of courses in Business, Design, English language, Health and Hospitality, from short courses to Certificate, Diploma and Degree-level study.

Global Presence
THINK Education is part of the world-renowned Laureate International Universities network, a leading international group of quality, innovative higher education institutions. With former US President Bill Clinton as its Honorary Chancellor, the Laureate network spans more than 75 accredited campus-based and online universities with over 900,000 students in 29 countries across the world.

THINK Education provides over 65 qualifications to more than 10,000 students including international students from over 40 countries!

As a pioneer of applied education – with a uniquely skills-oriented and industry-focused approach to course delivery, led by industry-connected academics – THINK Education students are highly skilled and employable, and graduate with work experience and “stand out from the crowd”. We emphasise a dynamic, contemporary and unconventional style of education that enables students to maximise their unique set of skills and launch their careers.
THE THINK DIFFERENCE

OUR 4 PROMISES TO YOU

1. **At THINK, you can have a job you love.**
   
   You want to earn after you finish studying but why wait until then? Experience is the best way to learn, so at THINK Colleges we give you equal amounts of theory and practice to ensure you are trained for the real world and that it pays you for it sooner. Many THINK courses include “embedded” Industry Placements, so students acquire real-world work experience, and graduate ready to launch their careers immediately!

2. **At THINK, you can learn your way.**
   
   We want to give every student an education as unique as themselves and we want your experience in Australia to be unique too. We provide location and study flexibility wherever possible so you can see more of Australia without disrupting your studies. Being part of Laureate International Universities also provides a global network of potential institutions to transfer between.

3. **At THINK, you can stand out.**
   
   The world has had enough of the same. You know you have an “edge” and an individuality that makes you truly unique, and we’re here to help you sharpen it. Different teaching creates different thinking, so that every graduate can make the most of their talents.

4. **At THINK, you can make a difference.**
   
   When people reach their ultimate potential they can change the world. The right education for you is the platform that will help you reach your career and lifetime goals – highly different, highly employable, and with a higher salary too!
Welcome

YOUR CAREER STARTS ON DAY ONE

Dear Student,

While you are weighing up your options for studying in Australia, we know you’re imagining your best possible future. What you may not know is that we’ve been imagining that too.

The community of THINK Education colleges are rethinking how education is delivered. To be successful in your career, you don’t want to be a carbon copy; you need to stand out. At THINK Education, we pride ourselves on achieving this.

We’re collaborators, educators and leaders, and our main priority is you. You need access to real work opportunities – both during and after your studies. We provide these through our extensive work integrated learning schemes including internships, industry placements, our award-winning student restaurant and our THINK Wellbeing Centre, as well as through our modern campuses and facilities.

Overseas students from over 40 countries study in Australia with THINK Education – an award-winning private provider of higher education, vocational and English language courses. Many of our graduates are easily employed thanks to the excellent training and work experience they receive during their studies. We also offer caring support to our students while they are living in Australia.

You need the right support, facilities and resources to achieve as highly as you can in your studies and we’re here to provide exactly that.

At THINK Education, your success is our success. Welcome aboard.

25 Student Support
Dear Student,

On behalf of all the academic team at THINK Education, I am so pleased to welcome you to our wonderful student community.

We are proud to offer a variety of language-based student support through our Direct Entry Programs, covering Business, Design, Health and Hospitality. We also offer English for Academic Purposes, which allows students the opportunity to improve their writing, comprehension and study skills. These programs have helped many students from all over the world achieve in their further studies at THINK Education.

All our teachers are highly qualified and some have IELTS examining background. Our commitment is to provide you with the quality education you deserve and we urge you to set high goals for yourself and to take advantage of all that your course has to offer.

Sincerely,

Denver Craig
Director of THINK: CLASS

Denver Craig has over 18 years’ experience educating overseas students and has taught English in Australia and Thailand. Denver is also a member of the TEQSA (Tertiary Education Quality and Standards Agency) Register of Experts.

THINK Education provides support for overseas students to study more effectively and develop skills in:

- English language for general academic use
- English language specific to your field of study
- Writing (essays and reports)
- Study techniques
- Research skills
- Presentation skills
- Time management
- Creating an effective study environment
- Reading and note taking
- Exam preparation

Dedicated Learning and Academic Skills (LAS) specialists are available to students on campus in Sydney and Brisbane. Students can also access LAS support online through their Student Portal or through the Student Services or lecturers. Additionally, lecturers can refer students or students can contact THINK: CLASS directly. Our experienced team ensures that academic issues are dealt with and that students are supported in their learning. The team can also refer students to a counselor who can offer confidential assistance to students with personal and welfare issues.

More information is available at www.THINK.edu.au/international/

Students who have not taken the IELTS or another standardised English test can take a free test in their home country to receive an English proficiency assessment and recommended study plan (suitable English course and recommended study period). Our Campuses

At Think Education, overseas students can choose to learn in Australia’s most popular study destinations. With 6 campuses located in Sydney (3 campuses), Melbourne, Brisbane and Gold Coast, students may even combine their studies at two of our campuses, to make the most of their “study adventure” and experience Australia! Think campuses offer students a comfortable and contemporary study environment, conducive to innovation and creativity. Our campuses are located in convenient inner-city locations that are serviced by ample public transport, shopping and eating amenities. Each campus has different facilities depending on what courses are offered, however all campuses provide access for students to:

» Campus-wide Wi-Fi
» Student lounge areas
» Student services
» Career and alumni services
» Printing and photocopying facilities

Sydney

Business and Hospitality Campus

OUR AWARD-WINNING STUDENT RESTAURANT

William Blue Dining is our own student-run restaurant, recently relocated to The Rocks at the former site of Neil Perry’s Rockpool restaurant. With a seating capacity of 60 places, it’s open to the public for lunch and dinner, and gives vocational students the chance to learn food and beverage service skills in a live environment. William Blue Dining showcases the talents required of a hospitality industry professional. The daily interaction with real customers will give you a deeper understanding of the many challenges of the industry – operational, financial or even psychological. This understanding will single you out from less experienced colleagues in the workplace.

“This accredited qualification, teamed with a work placement with one of William Blue’s esteemed industry partners would ensure that I get a head start in achieving my future aspirations.”

INDUSTRY CONNECTIONS

Think Education has a history of strong partnerships with leading industry organisations. Our students benefit from workplace experience, internships, sponsorships, guest lectures and industry insights giving them a significant advantage and foot in the door of their chosen career.

A REAL-WORLD APPROACH TO EDUCATION

Arming our students with industry knowledge and experience before they graduate is imperative to Think Education’s goal to shake up the way education is delivered.

WHAT’S DIFFERENT ABOUT US?

We offer different forms of work experience, industry placement programs, internships and mentoring programs that our students undertake as part of their education (known as Work Integrated Learning). All course curriculums are structured to teach students essential high-level skills, but also include well-regarded placements in relevant positions with our industry partners. We provide support to ensure that each student achieves their required learning outcomes and that the industry partner’s need for consistency and productivity are met.

HOW OUR STUDENTS BENEFIT

» Increased experience working directly with clients and communicating in a professional environment
» Chance to learn new skills relevant to their studies
» Increased awareness of realistic career pathways
"I still clearly remember my first days, when I started my English course at William Blue. I remember the challenges of understanding my teachers, of making my first presentation in English and writing my first assignment. My William Blue teachers were so supportive and professional, they enabled me to improve my English skills so quickly and effectively, I was able to start my Advanced Diploma with confidence. This allowed me to interact with the other Australian and overseas students easily, make good friends, and I could follow the lectures and workshops closely too. As for Sydney, well, I completely fell in love with the beautiful city. I still miss the beautiful beaches, clean environment and lovely climate."

Gwangho graduated from William Blue with a SIT60313 Advanced Diploma of Hospitality Management (Commercial Cookery Specialisation) qualification in July 2012 and has returned in 2015 to further his studies.
**FEES AND DATES**
For up-to-date information on courses fees, intakes and academic dates, please visit www.THINK.edu.au/international/.

**ENGLISH REQUIREMENTS**
Think Education uses the International English Language Testing System (IELTS) to specify the required English language skills needed for a student to successfully undertake each course. IELTS-equivalent English language proficiency scores may also be accepted. For further information, please email international@THINK.edu.au.

**LIVING IN AUSTRALIA**
Living in Australia is comparable to major European or Asian cities, and Australians largely lead a cosmopolitan and social lifestyle.

There are many options for student accommodation in close proximity to THINK campuses, including living with a family in homestay accommodation to student residences, shared apartments, or living on your own.

For details on our recommended homestay providers and general costs of living, please visit www.THINK.edu.au/international/.

**STUDENTS UNDER 18 YEARS OF AGE**
THINK Education has established review and approval processes to help ensure accommodation arrangements are appropriate for overseas students. The college arranges guardianship and welfare services with the International Student Alliance (ISA) for our overseas students under 18 years old who stay in homestays. ISA provides independent support for students to help them adjust to life in Australia and assist with resolving any challenges along the way. Special circumstances apply.

**QUALITY AND AUSTRALIAN REGULATIONS**
Before accepting an offer to study with a THINK Education college, overseas students should be familiar with the Education Services for Overseas Students (ESOS) framework. A simple explanation of the framework is the ESOS Framework Student Fact Sheet available Online at www.aei.gov.au/regulatory-information.

**CRICOS**
The Department of Education is responsible for the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS). Only education institutions registered under the ESOS Act and listed on CRICOS can enrol overseas students to study in Australia on a student visa. The Australian Skills Quality Authority and the Tertiary Education Quality and Standards Agency regulate the education and training sector’s involvement with overseas students studying in Australia on student visas in the Vocational Education and Training sector and the higher education sector respectively.

It does this through the Education Services for International Students legislative framework. This protects Australia’s reputation for delivering quality education services and the interests of overseas students, by setting minimum standards and providing tuition and financial assurance.

The legislation mandates a nationally consistent approach to registering education providers so that the quality of the tuition, and care of students, remains high. The professionalism and integrity of the industry is further strengthened by the ESOS legislation’s interface with immigration law. This imposes visa related reporting requirements on both students and providers.

**REVIEWS / APPEALS**
Students can seek other external reviews or appeals by seeking assistance from agencies such as the Ombudsman, relevant Commission or the Office of Fair Trading. For further details, refer to the Students Complaints Policy www.THINK.edu.au/studying-at-think/policies-and-procedures/.

**POLICIES**
We publish many of our policies and procedures Online at www.THINK.edu.au/studying-at-think/policies-and-procedures/. This includes policies on refunds, deferrals, withdrawals, suspension and expulsion, grievances and other policies. We encourage you to become familiar with these and contact us with any questions.
**STUDENT SERVICES**

We take the needs of our students seriously. That’s why we have a designated department to assist you at each campus. This is your official point of contact and the first place to go with general and administrative questions. Student Services provides all the personalised support needed during study, from orientation to graduation and is a valuable resource for students need information, advice and support – especially for students living away from home.

At THINK Education, we don’t want life’s challenges to get in the way of your academic success and experience of studying and living in Australia. While you are completing your course, you will have access to our campus support staff who can help you with problems or difficulties, especially if you are away from your family. All conversations are confidential and can be held face-to-face or over the phone.

**STUDENT REPRESENTATIVE COUNCIL**

At Think Education, we recognise that our students need to have a voice and a life outside of their studies. The Student Representative Council assists students to speak up about the issues that are important to them and maintain a balanced lifestyle. The council organises events, such as social gatherings and sporting activities, to make sure fun and relaxation are part of your college experience.
